Dukane Announces “Collegiate Series” Projector Group

10-22-10. Today, Dukane introduced three new projectors which are part of their “Collegiate Series” of projectors. The 8958H-RJ (XGA, 4000 lumens) MAP is \$2495, 8959H-RJ (XGA, 5000 lumens) MAP is \$3095 and the 8957HW-RJ (WXGA, 4000 lumens) MAP is \$2795. These new projectors allow stacking, which virtually doubles the brightness and is much less expensive when compared to other high brightness units. Features include:

- Stackable projectors for high brightness, low cost
- Lamp access on top
- High performance (5000 hour) hybrid filter with easy access
- Special 16 Watt audio output
- New Microphone input
- New 3000/5000 hour lamp
- Built in anti-theft security
- Audio pass through
- Network control
- 0.5 Watt power saving in standby mode
- PC less presentations from a memory card or the network
- HDMI input
- Zoom range lens of 1.7x.
- Perfect Fit quickly adjusts the projected image by moving four corners and four sides at one time. Gives perfect image when stacking units.

For more than fifty years, Dukane’s Audio Visual Products Division has provided schools around the world with technology solutions that helped increase student learning. With a network of trained professional dealers available to provide personal and localized sales support, Dukane is committed to meeting each customer’s particular needs.

Since 1922, Dukane has been involved in the development of systems and equipment for the educational, commercial, and industrial markets. Today, the company is divided into two operating divisions which produce diversified product offerings including audio visual presentation equipment and ultrasonic assembly
