## Dukane Supplies First Wireless Document Camera

The Dukane Camera 121W is the world's first wireless document camera. You can present lessons from anywhere in the room using a high resolution camera that does not have a single wire connected to it. The camera's images are transmitted to the classroom computer and can be displayed on a monitor, screen or interactive Whiteboard. The Dukane Camera 121W includes:

- No wires (40 ft range). Self contained power
- High-Definition document camera
- Excellent image, clarity and color
- Camera has a built-in LED light
- Flexible gooseneck camera design
- Simple camera and base configuration
- 5 year unlimited warranty
- Reliable wireless using 802.11n link. Talks to dongle on pc.
- Battery in base powers the camera
- Can offer wired operation with a 25ft. USB cable.

End user price on the Camera 121W is \$695.

For more than fifty years, Dukane's Audio Visual Products Division has provided schools around the world with technology solutions that helped increase student learning. With a network of trained professional dealers available to provide personal and localized sales support, Dukane is committed to meeting each customer's particular needs.

Since 1922, Dukane has been involved in the development of systems and equipment for the educational, commercial, and industrial markets. Today, the company is divided into two operating divisions which produce diversified product offerings including audio visual presentation equipment and ultrasonic assembly
