Dukane Announces Headsets for Netbooks, Laptops & Tablets

The Dukane iHear Wired Headsets are designed for the classroom. All three models the HS10, HS11 and HS12 have built in microphones that can rotate up and out of the way when not needed. Each headset comes with different plugs to accommodate most computers or tablets. The headsets are perfect for the online standardized testing that is being mandated in a majority of the states. For more information go to our web site at www.dukaneav.com and click iPad & Chromebook Accessories.

For more than fifty years, Dukane's Audio Visual Products Division has provided schools around the world with technology solutions that helped increase student learning. With a network of trained professional dealers available to provide personal and localized sales support, Dukane is committed to meeting each customer's particular needs.

Since 1922, Dukane has been involved in the development of systems and equipment for the educational, commercial, and industrial markets. Today, the company is divided into two operating divisions which produce diversified product offerings including audio visual presentation equipment and ultrasonic assembly
