Dukane Announces New Chromebook / Netbook Charge Cart

The Dukane MCC3 is a styled secure storage and charge cart for laptops and Chromebooks. It can hold 36 devices and will provide charging power to 12 devices at a time using a built-in sequenced power system. Power is supplied from the original power adapters that accompany the devices. The adapters are securely held in compartments located in the rear of the cart.

Features include:

1. Accommodates charging of 36 devices
2. Secure storage
3. Rugged steel construction
4. Movable shelves for fast and easy loading
5. Neat cable management
6. Devices are electronically surge protected
7. Simple charging system with built-in timer
8. Extra outlets for other computers or support devices

For more information visit our web site at www.dukaneav.com. The MCC3 is featured under the “Technology Carts” category.

For more than fifty years, Dukane’s Audio Visual Products Division has provided schools around the world with technology solutions that helped increase student learning. With a network of trained professional dealers available to provide personal and localized sales support, Dukane is committed to meeting each customer’s particular needs.

Since 1922, Dukane has been involved in the development of systems and equipment for the educational, commercial, and industrial markets. Today, the company is divided into two operating divisions which produce diversified product offerings including audio visual presentation equipment and ultrasonic assembly
