DUKANE ANNOUNCES AFFORDABLE I-HEAR WMIC2 RF WIRELESS MICROPHONE

Today, Dukane announced a new addition to their voice augmentation line of microphones, the new iHear WMIC2. The iHear WMIC2 is a pole mounted speaker unit that contains the amplifier and speaker. All that is needed is power. This provides the instructor with added voice power so teachers can be heard by all. WMIC2 improves retention and learning in the classroom. Features include:

- Lightweight transmitter on a lanyard with volume adjust.
- Range of 55 feet without being blocked using RF at 2.4GHz (same as WiFi).
- Automatically selects any of 20 separate channels.
- Comes complete with lapel mic, transmitter, and speaker unit.
- Uses a rechargeable Li battery for 8 plus hours of operation.
- Speaker unit can be easily attached to projector mount.
- MAP is \$299.
- Comes with the standard one year warranty.
