# Desktop Kiosk

## For iPad® Tablets

Take advantage of the sleek design and powerful allure of today's iPad, with this modern alternative to the traditional PC-based kiosk. This low-cost solution is designed specifically for the iPad, iPad2 or iPad with Retina Display. The KIP410I series is perfect for advertising, directory displays, and visitor check-ins, for a variety of organizations, including retail establishments, professional offices, showrooms, and many more.

Display size: 9.7" (249mm)

Max load: 5lb (2.2kg)

### FEATURES

- Designed specifically for iPad, iPad2 and iPad with Retina Display
- No interference with Wi-Fi, Bluetooth or 3G/4G communication
- Slim 2.14" (54mm) profile complements the thin client tablet design
- 24+ hours of estimated battery life is longest on the market, when used with an external battery system accessory. *(Actual battery performance may vary based on: wireless connectivity, application usage, brightness setting, etc.)*
- Bolts to mounting surface or secures with high bond, double-sided tape to any solid surface without need for drilling or damaging the surface
- Supports wide range of aesthetic options including multiple colors, vinyl wraps, etc. to best match environment or promote brand strategy
- Pre-assembled for simple installation
- Agion® antimicrobial\* finish assists in controlling the spread of infections with KIP410I-AW
