MPS with Audio Specifications

Cart: Platform is a rugged, locking cart of all metal construction with wheels attached. 4" diameter cutout on top allows for secure gooseneck document camera installation capability.

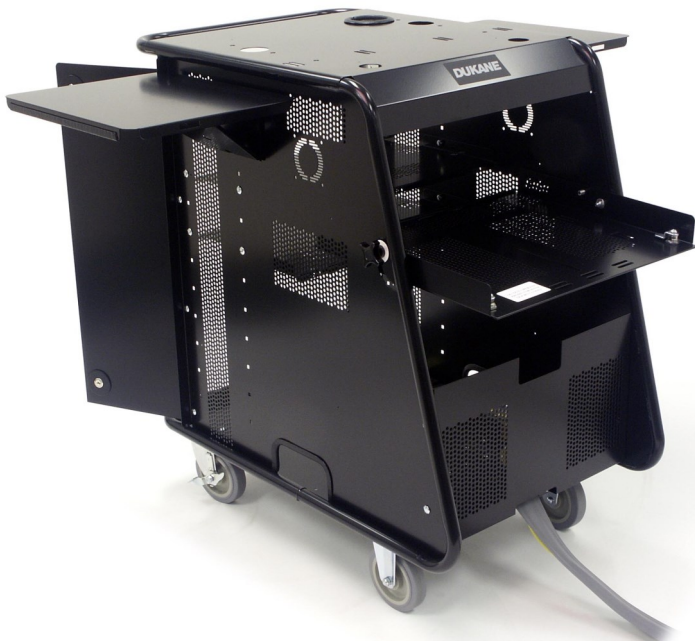

Shelves: Tilting front projector shelf. Rugged metal 19 1/2" folding shelves on each side (2).

Doors: Rear doors with cord storage holders and locks.

Security: Cart doors and steel projector shelf are secured by 4 key locks.

Storage: Internal storage space for a desktop, tower or laptop computer, plus other equipment.

Wheels: Cart constructed of sturdy powder coated steel with large 5" swivel wheels and built in handle. Step edge for elevation of the front wheels for movement over curbs, ledges and steps. Rear wheels have step locks for stationary placement.

General

Power strip with overload protector mounted in the cart. Power outlets available for PC and other accessory equipment. Power cord with an attached 6 foot vinyl floor guard trip protector. Floor guard has 3/4" cable channel to accommodate power, data, and CATV cables. When not in use power cord can be stored inside the cart.
